The Europe Race Race Series Notice of Race

V1.2 2021-11-06

Preamble

The Europe Race Race Series consists of a series of 50 + races varying in length between 20 to 800 NM. Boats take part in a minimum of 7 races to reach a qualified rating. Boats are scored overall by their rating. The rating is based on a mathematical formula that ensures boats are rated by skill, not by time spent on the water. More racing only will stabilize the rating. If your skill increases over time so will your rating. Volatility of the rating is determined by the nr of races and the age of race results. Qualification for the finals will be by being in the top 10% of the qualified boats.
